

Z-9000S

PDA HANDHELD TERMINAL

ZOY Z-9000S is a handheld data collector device for mobile information applications. It has a flexible touch screen and physical button design, which enables enterprise mobile workers to perform data collection much more efficiently. The use of one-handed operation also greatly increases the convenience of the work! It is designed for industrial environment with IP65 dustproof and waterproof and 1.5 meter drop protection design. It is also equipped with 1D/2D barcode and EM-ID/NFC reader to help employees quickly identify various business documents. Z-9000S features suitable for retail store management, warehouse inbound and outbound management, logistics and distribution management, etc., to help enterprises through mobility information management methods, Most importantly, improve the quality and efficiency of business operations!

General guide

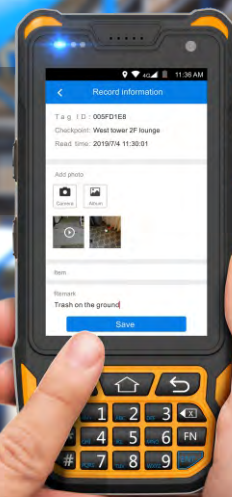

Specification

Network supported bands	4G	FDD-LTE:800/1800/2100/2600MHz(B1,B3,B7,B20) TDB-LTE:2600(B38)/1900/2400/2500MHz(B39,B40,B41)
	3G	WCDMA:850/900/1900/2100MHz CDMA:2000(BC0);TD-SCMA:1880/2010MHz
	2G	GSM: 850/900/1800/1900MHz
System & processor information	OS	Android 7.0
	SIM card	Micro card
	CPU	QUECTEL Quad-core
Memory	RAM/ROM	Standard: 1G/8G;Upgrade: 2G/16G
	Supported TF card	32G
Display	Size	4 inch HD IPS screen
	Pixels	800*480px
Wireless Communication	WIFI	802.11a/b/g/n
	Bluetooth	Bluetooth 4.0
	Positioning	GPS/Beidou
Laser Scanner	Honeywell	30cm scanable distance
Camera	Back	8 megapixels, auto focus
	Front	2 megapixels
Keyboard	Physical keyboard	18 pcs (10 numerical keys+8 functional keys)
	Side key	Power key, Up/Down key
	Input method editor	Android/third-party IME
Battery	Capacity	4000mAh rechargeable li-ion battery
	Talk time	8-10 hours
	Working consumption	300mA
	Stand-by	10mA
	Charging time	4 hours(5V/2A)
Size	Dimension	155*72*33mm
	Weight	290g
Work environment	Humidity	20% to 45%
	Temperature	-20 to 55
Features	Reading	EM-ID tag (125KHz)/NFC(13.56MHz)
	Audio	Speaker
	Fingerprint capacity	Standard: 225 pcs; Upgrade: 1000 pcs
	IP rating	IP67
Extension(not standard feature)	External device	External meter like temp, shock, etc
	Push to talk(PTT)	Support to install

Z-9000S INDUSTRIAL PDA

Born For Scan

Scanning Performance

DOWNWARD SCANNER ANGLE

We placed barcodes at different heights, a downward scanning angle that gives little pressure on the eyes, arm, or hand and ensures reliable scanning even of barcodes in high and low locations while viewing the screen at the same time.

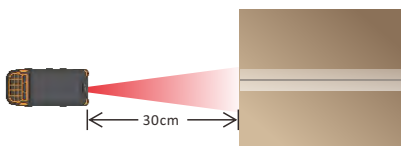

QUICK SCANNING

Fitted with a high-performance imaging chip and a white focus beam, the scanner can quickly capture bar codes or qr codes on screens and paper even in a poorly lit environment. The image decoding algorithm is quickly to make an accurate reading of distorted and even wrinkled bar codes or qr codes.

SCANABLE DISTANCE

The device provides 30cm continuous scanning distance.

Human-centered Design

- Capacitive fingerprint scanner
- Large 4.0 inch touchscreen LCD
- Magnetic Pogo pin USB port
- Keypad designed for ease of input
