

A VARIABLE QR-CODE

ZM-900

Dynamic QR-code Tag

ZM-900 is the most effective solution to prevent the scanning of fake QR-code, it featured an ultra-low-power screen that refreshes the QR-code regularly. With ZOOY's algorithm, the encrypted QR-code will never repeat, as well as unable to decode and copy. Even scanning the fake QR-code, the app will never store as patrol logs.

It is designed for industrial environment with IP65 rating, waterproof and shockproof. Even under strong sunlight, backlight situation, ZM-900 still offers a well scanning experience.

- Dynamic QR-code is unable to decode, copy
- Ultra-low-power consumption, can keep displaying without power
- Waterproof, shockproof and detachable.
